

**Updating the Florida Cancer Plan
Diagnosis & Treatment, Quality of Life/Survivorship, Childhood Cancers Subgroup Meeting
June 10, 2025 at 12:30 PM**

Agenda

1. Welcome and Introductions – 5 minutes
2. Overview of the FL Cancer Plan update process – 10 minutes
 - a. Subgroup roles and responsibilities
 - b. Data and information provided to each subgroup
 - c. Specific tasks and timelines (review workbook)
 - d. Q&A about the process
3. Complete Step 1 of the Workbook: Review Florida and Other State Cancer Plans – 40 minutes **(Please review plans in advance of the meeting and come ready to discuss your answers to the questions in Step 1)**
4. Next Steps/Action Items – 5 minutes

Goals and Objectives in Current Florida Cancer Plan

DIAGNOSIS AND TREATMENT

Goal 15: Achieve excellent clinical outcomes for all Floridians through access to high-quality, evidence-based cancer treatment.

Objective 15.1: By 2025, increase the percentage of Floridians aged 18-64 years old with any kind of health care insurance coverage from 79.1% (Baseline, 2018 BRFSS) to 85% or higher.

Objective 15.2: By 2025, increase the number of cancer patient care facilities in Florida participating in quality improvement programs, such as the American College of Surgeons' Commission on Cancer® (CoC) accreditation program and/or the American Society of Clinical Oncology's (ASCO) Quality Oncology Practice Initiative (QOPI®) certification program, from 72 (2019: 61 CoC + 11 QOPI) to 80 or higher.

Objective 15.3: By 2025, increase the number of high-quality, oncology-certified Registered Nurses and Advanced Practice Registered Nurses (OCN®, AOCNP®, CBCN®, CPHON®, BMTCN®), and nurse and patient navigators (ONN-CGSM, OPN-CGSM, ONN-CG(T)SM) in Florida from 2137 to 2200 or higher.

Objective 15.4: By 2025, determine Florida's supply of and demand for physicians in cancer-related specialties.

QUALITY OF LIFE, SURVIVORSHIP, AND END OF LIFE CARE

Goal 16: Achieve excellent quality of life for all Floridians with cancer and their caregivers from Day 1 of diagnosis, during treatment, and after treatment.

Objective 16.1: By 2025, standardize the definition of palliative care services in Florida state statute.

Objective 16.2: By 2025, develop minimum standards that Florida health care agencies have to meet in order for the agencies to report that they provide palliative care services.

Objective 16.3: By 2025, increase the number of Accreditation Council for Graduate Medical Education (ACGME) accredited Hospice and Palliative Medicine fellowship programs in Florida from 12 to 15 or higher.

Goal 17: Achieve high-quality survival of all Floridians with history of cancer.

Objective 17.1: By 2025, identify or develop a surveillance method that measures the percentage of Floridians with history of cancer who have ever received a written cancer treatment summary and survivorship care plan.

CHILDHOOD CANCERS

Goal 18: Provide high quality pediatric oncology care to every child with cancer in Florida.

Objective 18.1: By 2025, decrease the percentage of Florida children without health insurance from 7.6% (Baseline, 2018 US Census Bureau's American Community Survey) to 5.2% (national average) or lower.

Goal 19: Ensure that Floridians surviving childhood cancer will live long and prosperous lives.

Objective 19.1: By 2025, create a website for Florida survivors of childhood cancer and their health care providers that provides access to the Passport for Care® program.

Goal 20: Establish Florida as a nationally renowned state for innovative and impactful pediatric cancer research.

Objective 20.1: By 2025, increase the number of applicants for the Florida Live Like Bella Pediatric Cancer Research Initiative from 18 applications to 25 or higher.
